

CASS GILBERT SOCIETY

Organized to preserve the work of Minnesota's most important architect.

ST. CLEMENT'S CHURCH AUTHOR TO SPEAK ON SEPTEMBER 11, 2007

Join the Cass Gilbert Society on Tuesday, September 11, 2007, at 7:00 P.M. at **St. Clement's Episcopal Church**, 901 Portland Avenue (at Milton), Saint Paul. **Please note the location.** **Hampton Smith**, a member of the parish and author of *The Spirit and the Bride: A History of St. Clement's Episcopal Church 1893-1996*, will discuss the relationship between architect Cass Gilbert and the congregation. Gilbert's design was inspired by English Gothic prototypes. The book title comes from a verse from Revelation 22:17 that is inscribed over the chancel arch. Smith did much of his

research at the Minnesota Historical Society where he is a reference librarian.

The event will take place in both the sanctuary and the church hall so we will be able to see first hand the results of the collaboration of architect and congregation. Admission is free to Society members. There is a \$5.00 charge for nonmembers. Refreshments will be served, and copies of Smith's book (\$60 in hardcover and \$25 in paperback) will be available for purchase.

CASS GILBERT SOCIETY TO PARTICIPATE IN NATIONAL TRUST CONFERENCE

The National Trust for Historic Preservation will be holding its annual conference in Saint Paul October 2-6, 2007. All educational sessions, poster sessions, the exhibit hall, information sessions, the bookstore, and registration will take place at the Saint Paul RiverCentre. The Cass Gilbert Society is organizing a poster session titled **"Preserving the Work of Cass Gilbert,"** a visual presentation that will be on display between

Wednesday and Saturday. Members of the Cass Gilbert Society board will be on hand to meet conference attendees and answer questions on Thursday between noon and 1:30 P.M. The Society will also have an information table at the University Club during the **Candlelight House Tour** along Summit Avenue that evening. For more information on the conference see www.nthpconference.org.

CASS GILBERT NEWS UPDATES

Cass Gilbert's **Lightner House** at 318 Summit was the site of a very successful fundraising event, held on July 19, 2007. For those who had attended the Society's hardhat tour last October while rehabilitation and restoration work was underway, it was fun to see the finished result. Thanks to **Dick and Nancy Nicholson** for opening the house, to restoration architect **Tom Blanck** for leading tours, and to architectural historian **Marjorie Pearson** for her presentation on the history and architecture of the house. Proceeds will be used to match the Minnesota Historical Society Grant-in-Aid for the redesign of the Society's website. The new website is scheduled to be ready in time for the National Trust conference.

The **Waterbury City Hall** has a new future. In early June the Board of Aldermen voted to appropriate \$35 million to renovate the Cass Gilbert building. The April 21 symposium organized by the Connecticut Community Foundation and the Mattatuck Museum Arts and History Center undoubtedly helped the City make a positive decision. Cass Gilbert Society members **Barbara Christen** and **Helen P. Curry** were symposium participants.

The **West Virginia State Capitol**, Cass Gilbert's last state capitol design, is celebrating its seventy-fifth anniversary. Both Helen Curry and Steven Flanders have visited Charleston, West Virginia, in conjunction with a documentary being made about the building by MotionMasters, Diane Dimoff, executive producer. Fred Armstrong, Director of Archives and History for the State of West Virginia, met with Helen on her July 20 visit.

Meanwhile the **Minnesota State Capitol** renovation has been sidelined due in part to differences between the State House of Representatives and the State Senate. The legislature appropriated \$250,000 to fund a Capitol Restoration Working Group to determine if the current renovation plan should be continued or if other strategies should be pursued for building upgrades and planning issues pertaining to the larger capitol complex.

The Ives Memorial Building of the Free Public Library of New Haven is the city's most important example of architecture and design influenced by the City Beautiful movement.

Designed by Cass Gilbert, co-author with Frederick Law Olmsted, Jr., of a visionary New Haven plan, the library, built in 1908-1911, was one of the very few recommendations in the plan to be fully realized.

Both Northwest Airlines and Sun Country offer early morning flights from MSP to New York JFK with evening returns. The current quoted round-trip airfare is \$218. American Airlines is currently matching that fare with an early morning nonstop flight from MSP to New York LGA and an evening return.

Continental offers three morning flights from MSP to Newark (EWR) and evening returns with a current quoted fare of \$275 round trip. The EWR Airlink train connects to NJ Transit which goes to Penn Station in Manhattan two or three times an hour.
